Easily Prepared and Inexpensive and Really Does the Work, Says Noted Authority.

Thousands of men and women who have felt the sting and torture of that dread disease, Rheumatism, which is no respecter of age, persons, sex, color or rank, will be interested to know that it is one of the easiest afflictions of the human body to connuer. Medical science has proven it not a distinct disease in itself, but a symptom caused by inactive kidneys. Rheumatism is uric acid in the blood and other waste products of the sys tem which should be filtered and strained out in the form of urine. The function of the kidneys is to sift these poisons and acids out and keep the blood clean and pure. The kidneys however, are of sponge-like substance, the holes or pores of which will sometimes, either from overwork, cold or exposure become clogged, and failing in their function of eliminating these poisons from the blood, they remain in the veins, decompose and settling about the joints and muscles, cause the untold suffering and pain of rheumatism and backache, often producing complications of bladder and urinary disease, and general weakness.

The following simple prescription is said to relieve the worst cases of rheumatism because of its direct ac tion upon the blood and kidneys, relieving, too, the most severe forms of bladder and urinary troubles: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Com pound Syrup Sersaparilla, three conces. Mix by shaking well in a bot tle and take in teaspoonful doses after each meal and at bedtime. The in gredients can be had from any prescription pharmacy, and are absolutely harmless and safe to use at any time.

16 YEARS OF SKIN DISEASE

"For sixteen long years I have been suffering with a bad case of skin disease. While a child there broke out a red sore on the legs just in back of my knees. It waxed from bad to worse, and at last I saw I had a bad skin disease. I tried many widely known doctors in different cities but to no satisfactory result. The plague bothered me more in warm weather than in winter and being on my leg joints it made it impossible for me to walk, and I was forced to stay indoors in the warmest weather. My hopes of recovery were by this time spent. Sleepless nights and restless days made life an unbearable burden. At last I was advised to try the Cuticura remedies [Cuticura Soap, Ointment and Pills] and I did not need more than a trial to convince me that I was on the road of success this time. I bought two sets of the Cuticura Remedies and after these were gone I was a different man entirely. I am now the happlest man that there is at least one true care for skin diseases. Leonard A. Hawtof, 11 Nostrand Ave., Brook lyn, N .Y., July 30 and Aug. 8, '09."

Significance in Names. In an Illinois town a workingman having been informed that a sixth baby had arrived at his home, exclaimed: "Sufficient," and his neighbors, referring to his having given that name-Sufficient-to the new arrival, credited him with originality. The incident resembles a case nearer home, adds the New York Tribune. A New York family was blessed with nine daughters, when the stork brought a tenth one. It was in the days when the slang term for an ofttold story was a "chestnut," and as the baby certainly came under that head, she received the name, but for suphony's sake the French for the word was employed, and she was called Marron.
